

Compass Health
Network

FIND YOUR PATH

Compass Health Network is dedicated to pursuing educational enrichment, collaboration and study, and offers numerous opportunities for internships, practicums, and clinical rotations. These opportunities are mentored experiences in which a practicing therapist, counselor, or clinical supervisor volunteers to give personal instruction, training, and supervision to a student. This experience offers an opportunity to get to know a particular field of study, understand the realities of the career, discover likes and dislikes, and to experience a workplace setting.

MEET OUR TEAM of professionals

Dr. Taylor Montgomery

Psychologist

Dr. Taylor Montgomery completed her Masters's of Science degree at the University of Kansas in Counseling Psychology. She then attended Saint Louis University where she earned her Ph.D in Clinical Psychology with a research emphasis in health, performance, and sport psychology. Dr. Montgomery completed her pre-doctoral internship in St. Louis at the University of Missouri-St. Louis Psychology Consortium.

Dr. Montgomery has a generalist training background and has clinical experience in a variety of settings including university counseling centers, athletic departments, business consulting settings, community mental health agencies, trauma centers, adult and child inpatient hospitals, and residential treatment facilities. Dr. Montgomery enjoys utilizing her skills in various activities including conducting individual and group therapy, administering psychological testing, supervising, and consulting. At Compass Health, Dr. Montgomery provides direct clinical services to clients through therapy and testing. She also provides supervision to pre-doctoral students and practicum students. Dr. Montgomery adopts an integrated approach that includes aspects from interpersonal therapy, emotion-focused therapy, acceptance and commitment therapy, CBT, and mindfulness.

Dr. Melissa Webb

Psychologist

Dr. Melissa Webb is a licensed psychologist who has been with Compass Health since 2017. She earned master's and doctoral degrees in Clinical Psychology from Indiana University of Pennsylvania, and her internship and post-doctoral residency were both completed with Pathways Behavioral Health (now Compass Health Network). Dr. Webb takes a cognitive behavioral approach when conceptualizing cases and draws from a variety of evidence-based practices when formulating treatment and interventions. Dr. Webb conducts psychological testing, conducts individual psychotherapy, and serves as a supervisor for doctoral interns, residents, and practicum students. She is trained in CBT, IPT, TF-CBT, and DBT, and will be transitioning to the Director of Clinical Training role over the next training year.
